

Queen of All Saints Catholic School to Participate in the School Choice Scholarship Program

Queen of All Saints Catholic School is applying for participation in the Indiana's School Choice Scholarship program. This is an opportunity for families who meet the federal income guidelines as well as the enrollment guidelines of Queen of All Saints Catholic School to consider non-public education.

While state officials refine the application process, I want to make sure that you know this program makes Catholic education for your child or children possible, even if you experience financial constraints. Information about the application from the Department of Education will become available after July 4th for families.. Once finalized by the state, please be sure that the school will help you complete the application process. .

Eligibility provisions for both qualifying families and participating schools are available at www.schoolchoiceindiana.com or Indiana's Department of education www.doe.in.gov. The sites provide a general summary of HB1003 and specific guidelines as to scholarship amounts, eligibility, and participation.

At Queen of All Saints School, your child or children will receive an excellent Catholic faith-based education that will prepare them for a future of faith, achievement, and success. Please contact the me or my staff members, Mrs. Lynn Scott or Mrs. Stacey Gushrowski at the school for more information at 219-872-4420. I look forward to your call.

Working together to create a better tomorrow,

Anita L. Peters, Principal
